

Iowa Pain Thermometer-Revised

Use: Good for use with any patient, including those with moderate to severe cognitive impairment or who have difficulty communicating verbally. Have the patient point to the word on the thermometer that best shows how bad or severe their pain is NOW.

Iowa Pain Thermometer-Revised Scoring: Document the words that the patient points to on this tool. Evaluate the pain intensity over time to determine the effectiveness of pain treatments and need for changes in treatment.

Iowa Pain Thermometer-Revised

Circle a number on the Pain Thermometer below that best represents the intensity of your pain right now.
